

Allan Rico D. Viguilla

Web Designer & Web Developer

About

Currently in my senior year at the New Jersey Institute of Technology, and I am working on my Bachelor's of Science in Web and Information Systems. Previously, I studied fine arts and communication design at Raritan Valley Community College and the Fashion Institute of Technology respectively.

I am very passionate about technology and the arts. My unique experiences and studies have prepared me to tackle different visual design and software development projects. I am seeking a career in front-end web development and UX/UI design.
